

Your property is covered by Howden Finland's ResidencePLUS customer benefit group's extensive group accident insurance

The insurance indemnifies residents for the medical costs caused by an accident, the costs caused by a lost key and the interruption of housing caused by a sudden accident. Under certain conditions, the insurance also covers to some extent the car's Casco insurance deductible when storm winds bring down a tree on the car in the parking area of the housing association.

Persons covered by the insurance and the area of validity of the insurance:

- All persons permanently resident in the property are insured. For non-residents, the insurance is valid to a limited extent.
- The insurance is valid 24 hours a day in the property's courtyard and common areas as well as in communal work and trips related to it. The insurance also covers the Tenants' Board meetings and their trips in Finland.
